

## **ISTE (FACULTY & STUDENT CHAPTER)**

### **On Renewable Energy Resources and World Water Day**

The Indian Society for Technical Education is a national, professional, non-profit making Society registered under the Societies Registration Act of 1860. First started in 1941 as the Association of Principals of Technical institutions (ATPI), it was converted into "Indian Society for Technical Education" in 1968 with a view to enlarge its activities to advance the cause of technological education.

The major objective of the ISTE is to assist and contribute in the production and development of top quality professional engineers and technicians needed by the industries and other organizations.

Being the only national organization of educator in the field of engineering and technology, ISTE is being represented in the various Technical Committees and Boards formed by the Central Government. The ministry of Human Resource Development, AICTE/DoE/State Govts. have also been involving the ISTE in many of their important programmers and activities relating to technical education.

#### **Objectives**

- To formulate the general goals & responsibilities of technical education.
- To adjust curriculum & educational processes to changing conditions.
- To develop effective teachers & educational administrators.
- To improve instructional methods & practices & administrative usages.
- To enhance professional ideals & standards.
- To foster research as a function complementary to teaching.
- To cultivate fraternal spirit amongst the teachers, administrators, industrialist & professionals.
- To bring about effective linkage between technical institutions industry & society.
- To arrange, institute & award appropriate fellowships, prizes, scholarships & stipends in furthering the objectives of the ISTE.
