

Jaideep Talukdar, Ph.D.

Designation : Professor

Department : Department of Basic Sciences and Humanities
(JOINED THE INSTITUTE IN 2013)

Contact : 9051419777

Email : jaideep@silicon.ac.in

RESEARCH INTERESTS

- Gas-Solids Flow systems, Fluidized beds
- Solar Energy Utilization
- Chemical Reaction Engineering and Photochemical Processes
- Heat Transfer and Cooling of Electronic Systems
- Renewable Energy Technologies
- Pollution Control Methods

Academic Qualifications

- Ph. D. (Engineering), University of New Hampshire, NH, USA, 1993
- M. S. (Chemical Engineering) University of New Hampshire, NH, USA, 1986
- B.Tech. (Hons., Chemical Engineering) Indian Institute of Technology, Kharagpur, India, 1983

Teaching Experience:

- Taught undergraduate courses in Engineering Thermodynamics, Environmental Engineering and Basic Mechanical Engineering at Silicon, **2013 till date**
- Taught a graduate level course in Research Methodology, **2019 till date**
- Taught undergraduate Fluid Mechanics, Heat Transfer and Process Control at UNH (USA) and worked as a teaching and research assistant for a number of chemical engineering courses and projects, **1984 -1994**

**Industry/
Research Experience:**

1. G.S. Environmental Associates, Portsmouth, NH, USA, Environmental Consultation including contaminant transport modeling and groundwater supply exploration for various private and government clients **1995-2012**
2. Riley Stoker Corp., Worcester, Massachusetts, USA, Pilot plant study and improvements in the design of a circulating fluidized bed (CFB) boiler **1991-1994**
3. Solar Energy Research Institute, Golden, CO, USA (US Dept. of Energy Laboratory), Study and design of a titanium oxide catalyst-based solar detoxification system, for the decontamination of trace organic pollutants in water **1988**

PUBLICATIONS**Journal Articles:**
